DATE	04/10/2026
TEAM ID	SWTID-2026-8904
PROJECT NAME	AI Study Buddy

MAXIMUM MARKS: 4 Marks

1. Empathy Map Canvas

An empathy map helps the team understand what students may think, feel, say and do while studying. It helps identify practical needs before designing the solution.

Says	Thinks
"I don't understand this topic." "I need a quick explanation." "I want practice questions."	How can I learn this faster? Which topics should I revise? Am I improving?
Does	Feels
Searches notes and videos; asks friends; practices before exams; tracks scores.	Confused when topics are difficult; motivated when progress is visible; relieved when explanations are clear.

2. Discover – Key User Needs

Need	Finding
Easy learning support	Students need simple, understandable explanations.
Fast answers	Students need quick answers while studying.
Practice	Students need quizzes and feedback for revision.
Organization	Students need notes and study content in one place.
Progress	Students need a simple way to monitor learning progress.
