## Problem – Solution Fit

AI Study Buddy addresses the difficulty of understanding topics, finding study material, practicing questions and maintaining a consistent study routine by providing an AI-assisted learning platform.

## Purpose

- Provide clear and quick explanations for difficult study topics.
- Reduce the time students spend searching for learning resources.
- Provide quizzes and practice questions for revision.
- Organize study notes and learning materials in one place.
- Track study progress and quiz performance.
- Provide secure login and protected student data.

## Template

| Problem             | Solution                                                             |
|---------------------|----------------------------------------------------------------------|
| Difficult topics    | Gemini-powered explanations with examples and simpler language.      |
| Scattered notes     | Centralized study notes with search and organization.                |
| Lack of practice    | AI-generated quizzes and immediate results.                          |
| Poor study tracking | Progress dashboard and study history.                                |
| Repeated searching  | AI Study Buddy provides one place for questions, notes and revision. |
